

Bathroom Cleaner

Fizz-Ezy for a Cleaner Bathroom!
Super Clean your Bathroom from Floor to Ceiling

Every Pack Contains

● 5 x 750ml

● 5 x 5000ml

Bathroom Cleaner

Green Tablet | Fragrance: Tyde/Citrus

This all-in-one bathroom cleaner tackles everything from counter tops and basins to showers, taps, floors, walls, windows, and mirrors.

Fizz-Ezy dissolves soap scum, grime, and hard water stains, leaving your bathroom sparkling clean and fresh.

Soap Scum

This incredible Bathroom Cleaner is able to breakdown the soap scum on shower glass panel and doors with ease!

How to use

Simply spray on the effected area and use a damp microfibre cloth to pipe away the soap scum and dry with a squeegee - Ezy!

For thicker build up of soap scum leave the Bathroom Cleaner to sit on the effected areas longer and you might need to use an anti-scratch sponge to remove all the scum build up.

For a streak free finish: dry the area with your microfibre cloth or squeegee and experience a truly clean and smooth surface with a natural finish!

Two Tablet Options

Oval 6.5g tablet

Add 6.5g oval tablet to 750ml Trigger Spray bottle with warm water. Once fully dissolved add the spray head then use as a daily cleaner.

Round 9g tablet

Used for cleaning larger surfaces - simply add 9g round tablet to 5 Litres of hot water, let tablet dissolve. Use a Mop or MF* cloth cleaner.

About the Fizz-Ezy Tablet

Fizz-Ezy Cleaning Tablets: Don't pay for water in traditional cleaning bottles. Join the powerful cleaning revolution in a convenient tablet! Just drop, fizz, and clean for a sparkling shine.

***Microfibre Cloth:** For best results use a microfibre cloth for a streak-free shine.

Finish: Fizz-Ezy restores your surface to its original finish!

Ingredients: Lemonene, Fragrance, Sodium Carbonate Anhydrous, Colourant, Sodium Hydroxide, EDTA, Potassium Sorbate, Dodecylbenzene, Sodium Bicarbonate, Citric Acid
